For Landlords Tired of the Ordinary
Discover Hospitality-Driven Guaranteed Rent

No Voids. No Hassle.
Just Royal-Level Returns.

Why We Exist

Imagine the frustration of an empty property draining your wallet, weeks of lost rent, endless agent calls, and now the looming Renters' Rights Bill 2025 (with no-fault evictions ending in summer 2026). We've lived it as landlords.

That's why we created Colville Collection Properties.

Drawing from decades in luxury hospitality, from managing The Queen's Christmas lunch at The Goring to orchestrating royal events in Qatar, we reimagined property management as five-star stewardship.

We treat your home like a luxury suite, not just another listing. We handpick respectful professional guests, ensure meticulous upkeep, and guarantee your rent-shielding you from the usual chaos.

MIKKO JUHANI

Luxury Hospitality & Operations Expertise

From The Goring to Qatar's royal palaces, Mikko has delivered world-class experiences under pressure. That same five-star care now ensures your property is protected, pristine, and profitable.

DOMINIC KAMARA

Development & Value-Add Strategist

From film sets to luxury homes, Dominic built an eight-figure catering and development business by spotting hidden value. Now he optimises your property for maximum yield and long-term stability.

In a sea of agents selling short cuts, we deliver substance.
